USGBC Appoints New Board Member

Del Nordby, Business Leader and CEO, Joins Local Redwood Empire Chapter

Santa Rosa - February 18, 2009 - Nordby Construction is proud to announce that Del

Nordby, LEED AP and CEO of Nordby Construction, has joined the United States Green Building Council (USGBC) Redwood Empire Chapter Board of Directors. The local chapter's mission is to promote the design, construction, and operation of buildings in Marin, Sonoma, Napa, and other surrounding counties that are environmentally responsible, profitable, and healthy places to live, work, and learn.

"I am extremely pleased to be offered this opportunity to represent the USGBC," said Del Nordby. "As a board member, I intend to share my passion and commitment to green building and serve as a voice for my community."

Del is a member of the Sonoma County Alliance and facilitator for the company's "green team," which focuses on ways to promote sustainability in the field, office, and at home. He has also been a LEED accredited professional since 2004.

Nordby Construction built their first "green" building in 2000 and is currently working on Goldeneye Winery's new Gowan Creek production facility in Philo, CA, which is designed to become a certified LEED silver project. Their Signature Homes Division is also working on a "build it green" custom home project in Healdsburg, CA.

For more information on Nordby Construction's sustainable construction and current projects, please visit www.nordby.net. For information on USGBC and the Redwood Empire Chapter, visit <http://www.usgbc-rec.org/>.

About Nordby Construction Company

Based in Santa Rosa, CA, Nordby Construction is a full-service general contractor. Founded in 1978, the company builds innovative, quality projects within commercial, technical, winery/

wine cave, hospitality, non-profit, tenant improvement, and private sectors throughout Northern and Southern California and adjoining Western states. The company is one of the largest general contractors in the North Bay with 50 employees and more than \$50 million in annual revenues. To meet the demands of their Southern California clients, Nordby recently opened an office in Rancho Mirage, CA. Current projects include Meadow Club in Fairfax, CA and Merriam Winery in Windsor, CA.
